Discussion outline

President
- Rowan urged the board and community to read the following book, if they have never done so before. It will take 20 minutes tops to read the fable, a little longer to read the discussion piece afterwards. We as a project are in a time of change, with the formation of the 501 and release of Joomla 4. This book is the best book about change I have ever found. It is short, concise and to the point.
- Rowan shared a document describing the Pattern Library idea and plan for Joomla 4. The Board reviewed and discussed the plan.
- Marco Dings has proposed to reboot Joomla X team with a focus on architecture and code review from a more outsider’s view point (i.e people who haven’t been in the trenches with 4) to get a better understanding of where the back end of 4 is and what needs to be done to get it over the line. The group would then look at architecture moving forwards.
- Rowan shared some documents about the new entity 501(c)(3), including Article of Incorporation, Organizational meeting document, Federal 501(c)(3) Application.
- Rowan to share the budget and plan for the Joomla World Conference after CloudFest.

Treasurer
- Currently reviewing 501 docs - first pass should be completed by me this weekend.
- Jason R, Luca and Rowan to solve the transition issue with LegalShield.
• Jason shared the current Director & Officers Insurance with the Board.
• Jason to find a D&O Insurance for the new 501(c)(3) entity.
• Budget forms will be going out to DCs next week (July 1, 2019 - June 30, 2020) with the expectation that initial budget entries from DCs will be due no later than April 15. This will allow us to finalize submission by May 15 and allow the Board to have a presentable budget locked by June 1. Any adjustments can be made in June for the July 1 start date.
  ○ We will provide an email with a link to the form
  ○ There will be a hard deadline for initial and final submissions
    ■ Target Initial submission April 15
    ■ Target Final Submission May 15
  ○ DCs are responsible for filling out the entire department’s budget, meaning they have to the necessary information from their team and submit one form
  ○ We will provide a link to the current budget for frame of reference for initial submissions
  ○ Upon receipt of initial submissions, a review will take place and then after reconciliation, the Board will send back to each department the budgetary “sandbox” they get to play in
  ○ Upon receipt of the adjusted numbers, DCs will then submit their adjusted and final departmental budgets
  ○ The Legal & Finance budget is imperative to be received timely as it represents the majority of the projected revenue and therefore significantly dictates the overall budget
  ○ Board of Directors budget will be sent to Rowan
• Jason will head into a branch in the next few days to transfer about $11k out of BC2 and into the MMA.
• Jason shared the up to date accounts
