Programs Department

- No major updates from the Programs Department.

Secretary

- [Bylaws] Bylaws review is continuing with Jennifer Gress. We're at about 50%.
- [Privacy] Donata and Luca assessed the Privacy laws to which OSM should comply with because of the fact OSM processes PII of individuals residing in such countries. The proposal is to comply with rules of countries in which OSM has more than 3 members, as it might not be worth complying with all the countries’ regulations and most of them are less restrictive than GDPR.
- [Membership] Members who failed to renew their consents in the Identity Portal shall be removed as Members pursuant to Section 4.04(A)(6) of the Bylaws, as they did not keep up to date their membership record with a valid electronic email address.
- [Principal Office] The principal office (and physical mailing address) of the organization is located in the offices of the Software Freedom Law Foundation. This had a sense when this decision was taken, given that a member of this Foundation was a Board member of OSM. For OSM this address is not monitored and nobody from OSM has access to it. It would be opportune to sign up for a “corporate address” service, to have a unique address that can be written in the Bylaws and would automatically forward any eventual mail to our PO Box that is constantly monitored. The proposal is to take a “Business address” in Wall Street, NY at roughly 250 USD per year. The Registered address of the organization wouldn't change.
- [Sponsorship] Agreements for the 6 months Platinum and the 6 months Bronze Sponsors have been prepared and provided to Hugh for sponsor signature.
- [Sponsorship] Following the work done on the Bronze Sponsorship Agreement, also the Platinum Sponsorship Agreement has been standardized and prepared as Web Form in EchoSign to speed up the signing process for new Sponsors. A 6 month Standard Bronze Agreement template has been prepared too.

President

- Brian requested feedback on the budget summary 2019-20 report.
- Brian requested feedback on Communications/Leadership Consultancy offered by Elisa.
- Brian shared some concerns on the privacy aspects of the Honor Roll page.
